

Enrollment Guide

Mister Car Wash 401k Retirement Plan

Are You Ready For A Bright Financial Future?

Making the decision to enroll in your employer-sponsored retirement plan is a great start. Enrolling is the most important step in your journey to retirement readiness. And this guide puts you on the right path quickly and easily.

Before you enroll, it's a good idea to review all of the information in this guide in order to make decisions that meet your individual needs:

- **Plan Features and Highlights** – Provides specific information about your plan's features
- **Forms** – All of the paperwork you need to enroll successfully
- **Fund Information** – Includes fund objectives and risk levels
- **Fund Performance and Fees** – Shows asset class categories, fund returns over time, and any fund fees.

Once you have learned about your plan and are ready to enroll, follow these two simple steps.

Step 1:

Complete the Participant Enrollment Form

To access the Participant Enrollment Form, turn to the first page after the tab in this booklet. You will need to provide the following information:

- **Personal Information** – Provide your name, address, Social Security number, date of birth, etc.
- **Contribution Amount** – Contribute more today to potentially have more for your future
- **Fund Choices** – Build a diversified portfolio based on your retirement goals¹

Step 2:

Select Your Beneficiary

Here is the information you'll need to provide when choosing your beneficiaries:

- Your Personal Information
- Personal Information for Your Primary Beneficiary
- Personal Information for Your Contingent Beneficiary (if applicable)

Note: If you don't have all the necessary information for your beneficiaries at this time, you can still enroll, but you should choose your beneficiaries as soon as possible once you have the information needed.

Read the information provided in this booklet regarding your investment options to help you build a diversified portfolio.¹ Once you've made your investment selections, assign a percentage of your contribution amount to each of your investment choices by entering a percentage between 1% and 100% next to your investment choice(s) on the form. Your choices must total 100%.

¹ Diversification does not ensure a profit and does not protect against loss in declining markets.

Quick Tip

Get the most out of this valuable employer-provided benefit with a higher contribution amount. The more you save today means potentially more for your future. Get the retirement income you want and deserve so you can continue your current lifestyle when you're retired by contributing as much as you can.

Important Reminder

Let us know if you have assets from a previous employer's plan or an IRA. If your employer allows rollovers, we can help you roll that money into your current plan for a simplified, one-stop retirement planning strategy.²

Mister Car Wash 401(k) Retirement Plan Features and Highlights

Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document the Plan Document will govern.

About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing before – tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

To enroll in the Plan, employees must meet the following criteria:

- Be age 21 or older
- Completed 1 year of service

Eligible employees may enroll the first day of each quarter January 1, April 1, July 1, and October 1.

The following employees are not eligible to participate in the Plan:

- Leased employees
- Highly Compensated Employees
- Part-Time/Temporary/Seasonal employees

Enrollment

You may enroll by completing an enrollment form and returning it to your Plan administrator.

2016 Contribution Limits

- Combined maximum limit of 100% of your compensation or \$18,000, whichever is less for all retirement contributions.

Participants turning age 50 or older in 2016 may contribute an additional \$5,500.

Generally, the maximum contribution amount then may be indexed for inflation in subsequent years.

Employer Contributions

Your Plan may contribute a discretionary match. This contribution will only apply to a participant's deferrals that do not exceed a dollar amount or percentage of included compensation that is determined by the employer.

Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of distributable events. Your contributions and any earnings are always 100% vested (including rollovers from previous employers).

The value of employer match contributions to the Plan, and any earnings they generate, are vested as follows:

Years of Service	Vested Percentage of Employer Contributions
Less than 1 year	0%
1 year	100%

Investment Options¹

A wide array of core investment options are available through your Plan. Each option is explained in further detail in your Plan's fund sheets. Once you have enrolled, investment option information is also available through the website at www.empower-retirement.com/participant or by calling KeyTalk[®] toll free at (800) 338-4015. The website and KeyTalk are available to you 24 hours a day, seven days a week.²

Transfers and Allocation Changes

Use your Personal Identification Number³ (PIN) and Username to access the website, or you can use your Social Security number and PIN to access KeyTalk. You can move all or a portion of your existing balances among investment options (subject to Plan rules) and change how your payroll contributions are invested.²

Rollovers

Only Plan administrator approved balances from an eligible governmental 457(b), 401(k), 403(b) or 401(a) plan or an Individual Retirement Account (IRA) may be rolled over to the Plan. Some Plans may only allow rollovers from other 401(k) plans.

You are encouraged to discuss rolling money from one account to another with your financial advisor/planner, considering any potential fees and/or limitation of investment options.

Withdrawals

Qualifying distribution events are as follows:

- Disability
- Retirement
- Financial hardship (as defined by the Internal Revenue Code and your Plan's provisions)
- Severance of employment (as defined by the Internal Revenue Code provisions)
- Attainment of age 59 ½
- Death (your beneficiary receives your benefits)

Ordinary income tax will apply to each distribution. Distributions received prior to age 59½ may also be assessed a 10% early withdrawal federal tax penalty. Refer to your Summary Plan Description for more information about distributions.

Plan Fees

Distribution Fees:

Benefit disbursement fee	\$50.00
Periodic payment setup fee	\$50.00
Quarterly periodic payment	\$6.25

Investment Option Fees:

Each investment option has its own operating expenses. These fees are deducted by each investment option's management company before the daily price or performance is calculated. Fees pay for trading of securities within the investment options and other management expenses.

Funds may impose redemption fees and/or transfer restrictions if assets are held for less than the published holding period. Asset allocation funds are generally subject to a fund operating expense at the fund level, as well as prorated fund operating expenses of each underlying fund in which they invest. For more information, please refer to the fund prospectus and/or disclosure document. Funds are subject to the risks of the underlying funds.

There may be a recordkeeping or administrative fee for investing in certain investment options. Please contact your Empower Retirement™ representative for more information about any potential investment option fees.

How Can I Get More Information?

Visit the website at www.empower-retirement.com/participant or call KeyTalk® toll free at (800) 338-4015 for more information. The website provides information regarding your Plan, as well as financial education information, financial calculators and other tools to help you manage your account.

1 All information contained on the website, in prospectuses, and in other investment option documents is offered in English. Please have this information translated for your understanding.

2 Access to **KeyTalk and/or** any website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons. Transfer requests made via the website or KeyTalk received on business days prior to close of the New York Stock Exchange (4:00 p.m. Eastern Time or earlier on some holidays or other special circumstances) will be initiated at the close of business the same day the request was received. The actual effective date of your transaction may vary depending on the investment option selected.

3 The account owner is responsible for keeping the assigned PIN confidential. Please contact a client service representative immediately if you suspect any unauthorized use.

Participation Agreement

Withdrawal Restrictions - I understand that the Internal Revenue Code (the "Code") and/or my employer's Plan Document may impose restrictions on transfers and/or distributions. I understand that I must contact the Plan Administrator to determine when and/or under what circumstances I am eligible to receive distributions or make transfers.

Investment Options - I understand that by signing and submitting this Participant Enrollment form for processing, I am requesting to have investment options established under the Plan as specified in the Investment Option Information section. I understand and agree that this account is subject to the terms of the Plan Document. I understand and acknowledge that all payments and account values, when based on the experience of the investment options, may not be guaranteed and may fluctuate, and, upon redemption, shares may be worth more or less than their original cost. I acknowledge that investment option information, including prospectuses, disclosure documents and Fund Profile sheets, have been made available to me and I understand the risks of investing.

Compliance With Plan Document and/or the Code - I agree that my employer or Plan Administrator may take any action that may be necessary to ensure that my participation in the Plan is in compliance with any applicable requirement of the Plan Document and/or the Code. I understand that the maximum annual limit on contributions is determined under the Plan Document and/or the Code. I understand that it is my responsibility to monitor my total annual contributions to ensure that I do not exceed the amount permitted. If I exceed the contribution limit, I assume sole liability for any tax, penalty, or costs that may be incurred.

Incomplete Forms - I understand that in the event my Participant Enrollment form is incomplete or is not received by Service Provider at the address below prior to the receipt of any deposits, I specifically consent to Service Provider retaining all monies received and allocating them to the default investment option selected by the Plan. If no default investment option is selected, funds will be returned to the payor as required by law. Once my account has been established, I understand that I must call 1-800-338-4015 or access the Web site in order to transfer monies from the default investment option. Also, I understand all contributions received after my account is established will be applied to the investment options I have most recently selected.

Account Corrections - I understand that it is my obligation to review all confirmations and quarterly statements for discrepancies or errors. Corrections will be made only for errors which I communicate within 90 calendar days of the last calendar quarter. After this 90 days, account information shall be deemed accurate and acceptable to me. If I notify Service Provider of an error after this 90 days, the correction will be only processed from the date of notification forward and not on a retroactive basis.

Required Signature(s) - I have completed, understand and agree to all pages of this Participant Enrollment form. I understand that Service Provider is required to comply with the regulations and requirements of the Office of Foreign Assets Control, Department of the Treasury ("OFAC"). As a result, Service Provider cannot conduct business with persons in a blocked country or any person designated by OFAC as a specially designated national or blocked person. For more information, please access the OFAC Web site at:

<p>I have completed, understand and agree to all pages of this Beneficiary Designation form. Subject to and in accordance with the terms of the Plan, I am making the above beneficiary designations for my vested account in the event of my death. If I have more than one primary beneficiary, the account will be divided as specified. If a primary beneficiary predeceases me, his or her benefit will be allocated to the surviving primary beneficiaries. Contingent beneficiaries will receive a benefit only if there is no surviving primary beneficiary, as specified. If a contingent beneficiary predeceases me, his or her benefit will be allocated to the surviving contingent beneficiaries. If I fail to designate beneficiaries, amounts will be paid pursuant to the terms of the Plan or applicable law. This designation is effective upon execution and delivery to Service Provider. If any information is missing, additional information may be required prior to recording my designation.</p> <p>This designation supersedes all prior designations. Beneficiaries will share equally if percentages are not provided and any amounts unpaid upon death will be divided equally. Participation Agreement

General Information - I understand that only certain types of distributions are eligible for rollover treatment and that it is solely my responsibility to ensure such eligibility. By signing below, I affirm that the funds I am rolling are in fact eligible for such treatment. I authorize these funds to be transferred into my employer's Plan and to be invested according to the information specified in the Investment Option Information section. I understand and agree that this account is subject to the terms of the Plan Document.

If the investment option information is missing or incomplete, I authorize Service Provider to allocate the direct rollover assets ("assets") the same as my ongoing contributions (if I have an account established) or to the default investment option selected by my Plan (if I do not have an investment election on file). If no default investment option is selected by my Plan, the funds will be returned to the payor as required by law. If additional assets from the same provider are received more than 180 calendar days after Service Provider receives this Incoming Direct Rollover form (this "form"), I authorize Service Provider to allocate all monies received the same as my ongoing allocation election on file with Service Provider. I understand I must call the Voice Response System at 1-800-338-4015 or access Web site at www.empower-retirement.com/participant in order to make changes or transfer monies from the default investment option. If my initial rollover assets are received more than 1 year after Service Provider receives and approves this Incoming Direct Rollover form, I understand Service Provider will require the submission of a new form for approval. I understand that this completed form must be received by Service Provider at the address provided on this form.

I understand that the current Custodian/Provider may require that I furnish additional information before processing the transaction requested on this form, and Service Provider is not responsible for determining the status of any transaction that I have requested. It is entirely my responsibility to provide the current Custodian/Provider with any information that they may require, and/or to notify Service Provider of any information that the current Custodian/Provider may wish to obtain in order to effect the transaction.

Withdrawal Restrictions - I understand that the Internal Revenue Code and/or my employer's Plan Document may impose restrictions on direct rollovers and/or distributions. I understand that I must contact the Plan Administrator/Trustee, if applicable, to determine when and/or under what circumstances I am eligible to receive distributions or make direct rollovers.

Investment Options - I understand and acknowledge that all payments and account values, when based on the experience of the investment options, may not be guaranteed and may fluctuate, and, upon redemption, shares may be worth more or less than their original cost. I acknowledge that investment option information, including prospectuses, disclosure documents and Fund Profile sheets, have been made available to me and I understand the risks of investing.

Account Corrections - I understand that it is my obligation to review all confirmations and quarterly statements for discrepancies or errors. Corrections will be made only for errors which I communicate within 90 calendar days of the last calendar quarter. After this 90 days, account information shall be deemed accurate and acceptable to me. If I notify Service Provider of an error after this 90 days the correction will only be processed from the date of notification forward and not on a retroactive basis.

Investment Objective & Strategy ♦

The investment seeks to provide current income and some capital appreciation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors currently in retirement. Its indirect bond holdings are a diversified mix of short-, intermediate-, and long-term U.S. government, U.S. agency, and investment-grade U.S. corporate bonds; inflation-protected public obligations issued by the U.S. Treasury; mortgage-backed and asset-backed securities; and government, agency, corporate, and securitized investment-grade foreign bonds issued in currencies other than the U.S. dollar. The Barclays Capital Aggregate Bond Index is an unmanaged index considered indicative of the domestic fixed income market. The Index is made up of the Barclays Capital Govt/Credit Bond Index, Mortgage-Backed Securities Index, and Asset-Backed Securities Index.

Risk and Return Profile

This investment option may be most appropriate for someone willing to accept some risk, but seeking to preserve capital and is willing to accept lower potential returns in exchange. Investors choosing this option want to invest in a mixture of diverse investments suiting their needs but do not have the time, desire, or knowledge to select and manage their own portfolios. Asset allocation and balanced investment options are subject to the risks of the underlying funds, which can be a mix of stocks/stock funds and bonds/bond funds. Stock values fluctuate in response to the activities of the general market, individual companies and economic conditions. Bond values fluctuate in response to the financial condition of individual issuers, general market and economic conditions, and changes in interest rates. In general, when interest rates rise, bond values fall and investors may lose principal value.

Investment Objective & Strategy ♦

The investment seeks to provide capital appreciation and current income consistent with its current asset allocation. The fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of 2010 (the target year). Its asset allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase. The MSCI US Broad Market Index is the aggregation of the MSCI US Large Cap 300, Mid Cap 450, Small Cap 1, 750 and Micro Cap Indices. This index represents approximately 99.5% of the capitalization of the U.S. equity market and includes approximately 3, 900 companies.

The fund's asset allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase. The MSCI US Broad Market Index is the aggregation of the MSCI US Large Cap 300, Mid Cap 450, Small Cap 1, 750 and Micro Cap Indices. This index represents approximately 99.5% of the capitalization of the U.S. equity market and includes approximately 3, 900 companies.

Risk and Return Profile

This investment option may be most appropriate for someone willing to accept a higher degree of risk in exchange for potentially higher long-term returns. Investors choosing this option want to invest in a mixture of diverse investments suiting their needs but do not have the time, desire, or knowledge to select and manage their own portfolios. Asset allocation and balanced investment options are subject to the risks of the underlying funds, which can be a mix of stocks/stock funds and bonds/bond funds. Stock values fluctuate in response to the activities of the general market, individual companies and economic conditions. Bond values fluctuate in response to the financial condition of individual issuers, general market and economic conditions, and changes in interest rates. In general, when interest rates rise, bond values fall and investors may lose principal value.

Investment Objective & Strategy ♦

The investment seeks long-term growth of capital while providing current income. The fund invests primarily in common stocks of well-established companies located around the world, many of which have the potential to pay dividends. It invests, on a global basis, in common stocks that are denominated in U.S. dollars or other currencies. Under normal market circumstances, the fund will invest a significant portion of its assets in securities of issuers domiciled outside the United States, including those based in developing countries.

Risk and Return Profile

International investments may be most appropriate for someone looking for greater potential returns and willing to accept a higher degree of risk. International investment may provide diversification for a domestic portfolio. Foreign funds involve special risks, including currency fluctuations and political developments.

Investment Objective & Strategy ♦

The investment seeks long-term total return. The fund normally invests at least 80% of its net assets in investments of small-capitalization (small-cap) companies. Small-cap companies are companies with market capitalizations (the total market value of a company's outstanding stock) under \$3.5 billion at the time of purchase. It generally invests in equity securities that the fund's investment manager believes are undervalued at the time of purchase and have the potential for capital appreciation. It may invest up to 25% of its total assets in foreign securities.

Risk and Return Profile

Small-cap investments may be most appropriate for someone willing to accept a high degree of market volatility in exchange for greater potential returns over time. Stock investments tend to be more volatile than bond, stable value or money market investments. Equity securities of small-sized companies may be more volatile than securities of larger, more established companies.

Investment Objective & Strategy ♦

The investment seeks a high level of current income with a secondary objective of growth of income and capital. The fund's assets primarily are invested in equity securities. Under normal market conditions, it will invest at least 80% of its net assets (including the amount of any borrowings for investment purposes) in dividend-paying common and preferred stocks. The fund may invest in companies that have market capitalizations of any size. It may invest up to 25% of its net assets in foreign investments.

Risk and Return Profile

Large-cap investments may be most appropriate for someone willing to accept some degree of market volatility in return for potential long-term capital growth. Stock investments tend to be more volatile than bond, stable value or money market investments.

Investment Objective & Strategy ♦

The investment seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks. The fund employs an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index, a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies. The advisor attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index. The S&P 500 Index is an unmanaged, market-weighted index that consists of the 500 largest publicly traded companies and is considered representative of the broad U.S. stock market.

Risk and Return Profile

Large-cap investments may be most appropriate for someone willing to accept some degree of market volatility in return for potential long-term capital growth. Stock investments tend to be more volatile than bond, stable value or money market investments.

Investment Objective & Strategy ♦

The investment seeks a long-term total return in excess of inflation. The fund seeks to achieve its investment objective by allocating its assets among the following general investment categories: inflation-indexed bonds, securities of real estate companies, commodity index-linked notes, fixed-income securities, foreign currency, securities of natural resource companies, master limited partnerships (MLPs), publicly-listed infrastructure companies, floating rate debt, securities of global agriculture companies, and securities of global timber companies. The Barclays US Government Inflation-Linked Bond Index measures the performance of the US Treasury Inflation Protected Securities ("TIPS") market. The index includes TIPS with one or more years remaining maturity with total outstanding issue size of \$500m or more.

Risk and Return Profile

This investment option may be most appropriate for someone willing to accept some risk, but seeking to preserve capital and is willing to accept lower potential returns in exchange. Investors choosing this option want to invest in a mixture of diverse investments suiting their needs but do not have the time, desire, or knowledge to select and manage their own portfolios. Asset allocation and balanced investment options are subject to the risks of the underlying funds, which can be a mix of stocks/stock funds and bonds/bond funds. Stock values fluctuate in response to the activities of the general market, individual companies and economic conditions. Bond values fluctuate in response to the financial condition of individual issuers, general market and economic conditions, and changes in interest rates. In general, when interest rates rise, bond values fall and investors may lose principal value.

943928-01 Mister Car Wash 401k Retirement Plan
www.empower-retirement.com/participant

Your employer's retirement plan may be one of the most valuable investments you'll make for your future. It may be a large part of the retirement income you'll need to help keep your current lifestyle. For most people, it will need to last at least 20 years.

It is important to remember that your retirement account has the potential to grow over time and benefit from being in a tax-deferred plan. In traditional retirement plans you benefit from saving money out of your paycheck before taxes are taken out. Taxes are paid later when you take the money out of the account. Another benefit is that you are paying yourself first and investing for your future by automatically contributing from your paycheck where allowed by your plan.

The goal is to build your account through additional contributions and investment returns in your plan. Fees and expenses related to your plan can affect the overall long-term value of your account. The investment options you choose also affect your account. It is important for you to have a clear understanding of the investment options available through your plan and the fees and expenses that are part of your plan.

This notice includes important information to help you compare your Plan investment options and expenses. For more investment information including investment objectives or goals, principal strategies, risks, portfolio turnover rate, returns and expenses, please visit your Plan's website listed above. The website also includes education and tools designed to help you with making investment decisions. An online calculator is also available and it can assist you in determining the long-term effect of fees and expenses. A free paper copy of this disclosure is available by calling the Voice Response System at 1-800-338-4015.

Fixed Rate of Return Investments Table

This table looks at the investment options that have a fixed or set rate of return. It shows the current annual rate of return and the minimum annual rate or return. The table also shows how often the rate of return may change and the term or length of time you will earn this rate of return, if applicable. The investment provider of the fixed account may change the rate in the future. You may visit the Web site listed above or call the Voice Response System to find the current rate.

General Account Fund and Guarantee Provisions:

General Account crediting rates are net of cost of capital and expenses covered by the fund and guarantee provisions.

Cost of Capital is the return Great-West Life & Annuity Insurance Company (Great-West) earns on Great-West capital. Great-West is required by regulators to hold capital for the purpose of ensuring Great-West can meet all of its obligations associated with the General Account Fund. The amount of Great-West's capital and required return will fluctuate over time based on regulatory requirements, capital market conditions and the competitive environment.

The Fund Provision covers the range of investment expenses that are netted from the crediting rate, such as investment and operating expenses. The Fund Provision is calculated annually in aggregate for all General Account fixed funds offered by Great-West Retirement Services and does not reflect any product or plan specific underwriting adjustments. At 12/31/2014, the General Account Fund Provision is 0.35%. This includes an average annual notional allocation of 0.25% from Great-West's General Account to Great-West's recordkeeping functions. This allocation is not applicable if Great-West is not acting as both the investment provider and recordkeeper.

The Guarantee Provision covers the range of insurance expenses that are netted from the crediting rate, such as asset defaults, cost of insurance guarantees, and other expenses. The Guarantee Provision is calculated annually in aggregate for all General Account fixed funds offered by Great-West Retirement Services and does not reflect any product or plan specific underwriting adjustments. At 12/31/2014, the General Account Guarantee Provision is 0.54%. This expense changes over time as the value of insurance guarantees fluctuate due to both market and policyholder behaviors. They also vary based on the risk management techniques employed by the insurance provider. Because of the variances in the cost of the expenses, the level of the insurance guarantees as well as differences in risk management practices, this paragraph is the only section in which these expenses are disclosed.

For more information on the General Account Fixed Funds, including termination options, please see your Group Annuity Contract.

1 Additional information on this Investment Option can be found in Section 2.

2 Mutual Fund Option. The start/inception date is that of the fund's original share class. Performance returns for mutual fund options in your Plan offering a different share class with a more current start/inception date have been adjusted to reflect the fees and charges associated with the actual share class.

3 Offered through a group fixed and variable deferred annuity issued by the applicable insurance company. Returns prior to the inception date of the separate account are hypothetical and are based on the inception date of the underlying investment option, adjusted to reflect the deduction of fees and charges associated with the annuity contract.

* Performance returns not available at time of production.

N/A - Performance returns are not applicable.

~ Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of

these fees may be shared with the plan's service providers to help pay for plan administration and/or recordkeeping fees. Please see the participant website for more information.

** A benchmark index is not actively managed. It does not have a defined investment objective and does not incur fees or expenses. You cannot invest directly in a benchmark index.

General Administrative Services Expenses Table

This table shows expenses that pay for operating the Plan. These expenses are described below. Fees and expenses for general plan administrative services (for example, recordkeeping services and custodial services) may be charged to the Plan. These fees and expenses may be charged to your individual account if not paid by the Plan Sponsor and/or included in investment-related fees and expenses. How the expenses are charged to participant accounts will depend on the nature of the expense. For example, some fees may be charged as a fixed dollar amount per participant or as a percentage amount spread across the account balances. Blank fields in the table can be assumed to be not applicable or zero.

General Administrative Services Expenses as of 03/24/2016				
Fee Type	Annual Amount	Quarterly Amount	Frequency	Description
Variable Asset Charge	1.50%	0.375%	Built into the price	The Variable Asset Charge pays for administrative costs of the plan. It is assessed on a daily basis and will equal the annual amount if you are in the plan from January 1 through December 31. This percentage is divided by the number of days the market is open and applied to the daily unit value for all variable funds.

NOTE: More current information about the Plan's investment options, including fees, expenses and performance updates, may be available at your plan's Web site.

3 – Plan-Related Information

Plan-Related Information is an explanation of general plan information. It includes a description of non-investment management fees and expenses that may be charged to your account. This section also includes a list of the Participant Elected Services Expenses.

General Information

Non-Investment Management Fees and Expenses: Includes recordkeeping, accounting, legal or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Voice Response System or your Plan Administrator.

Investment Instructions: Your plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the plan's Web site or by calling the Voice Response System.

Limitations on Investments: Limits on making changes to your investment choices may be imposed by the Plan Administrator or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund). If these restrictions apply then they will be listed in Section 2. In addition to the limits and restrictions described in the prospectus, the Plan Administrator may have other restrictions on making changes to your investment choices. If the Plan Administrator has additional limits, they will be described in a separate document that will be provided to you by your Plan Administrator.

Voting, Tender, and Similar Rights: The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

Participant Elected Services Expenses Table

This table shows expenses for optional services available through your plan. Certain fees may be charged to your individual account for optional services you use.

**Participant Elected Services Expenses
