

1 Overview

The intention for publishing an Acceptable Use Policy is not to impose restrictions that are contrary to Mister Car Wash's established culture of openness, trust and integrity. The company is committed to protecting Mister Car Wash's employees, partners and the company from illegal or damaging actions by individuals, either knowingly or unknowingly.

Internet/Intranet/Extranet-related systems, including but not limited to computer equipment, software, operating systems, storage media, network accounts providing electronic mail, internet browsing, and file transfers are the property of Mister Car Wash. These systems are to be used for business purposes in serving the interests of the company, and of our clients and customers in the course of normal operations.

Effective security is a team effort involving the participation and support of every Mister Car Wash employee and affiliate who deals with information and/or information systems. It is the responsibility of every computer user to know these guidelines, and to conduct their activities accordingly.

This policy is based on the standard template issued by the SANS Institute, a cooperative research and security education organization. <https://www.sans.org>

2 Purpose

The purpose of this policy is to outline the acceptable use of computer equipment at Mister Car Wash. These rules are in place to protect the employee and Mister Car Wash. Inappropriate use exposes Mister Car Wash to risks including virus attacks, compromise of network systems and services, and legal issues.

3 Scope

This policy applies to the use of information, electronic and computing devices, and network resources to conduct Mister Car Wash business or interact with internal networks and business systems, whether owned or leased by Mister Car Wash, the employee, or a third party. All employees, contractors, consultants, temporary, and other workers at Mister Car Wash and its subsidiaries are responsible for exercising good judgment regarding appropriate use of information, electronic devices, and network resources in accordance with Mister Car Wash policies and standards, and local laws and regulation. Any exceptions to this policy are documented in section 5.2.

This policy applies to employees, contractors, consultants, temporaries, and other workers at Mister Car Wash, including all personnel affiliated with third parties. This policy applies to all equipment that is owned or leased by Mister Car Wash.
